Call for applications for the awarding of four scholarships to students admitted to the first year of a Master's Degree Program at Luiss Guido Carli following direct admission thereto with GMAT or GRE certification - in the period 16 March - 31 May 2022

As part of its initiative to value excellent students, Luiss Guido Carli is offering four scholarships to students who, in the period 16 March - 31 May 2022, have submitted an application for direct admission for the first year of a master's degree program in the 2022-2023 academic with a currently valid GMAT or GRE certificate.

The scholarships consist of a full or partial waiver of the University's annual tuition fee for the entire standard duration of the degree program.

1. Awarding of the Aid

The four scholarships, consisting of a full waiver of the University's annual tuition fee, will be awarded with priority to students who submit GMAT certification with a score equal to or greater than 710 or equivalent GRE score converted on the basis of the annexed table.

The rankings will be determined on the basis of GMAT/GRE scores in descending order and the scholarships will be distributed among the departments as follows:

- 1 scholarship for the Department of Political Science;
- 1 scholarship for the Department of Business and Management;
- 1 scholarship for the Department of Economics and Finance;
- 1 scholarship for the Department of Law.

In the case of a tie, preference will be accorded to the application submitted first.

Any scholarships not allocated to a department will be distributed among the remaining departments in proportion to the number of applications out of the total.

If, at the end of the allocation process, there are additional unawarded scholarships, the applications from students with a GMAT/GRE score of lower than 710 will be taken into

consideration until funds are exhausted regardless of the department that the applications concern. The scholarships thereby awarded, again in descending order of score, will consist of a partial waiver of the University's annual tuition fee worth € 6,300. In the case of a tie, preference will be accorded to applications in the order in which they were submitted.

The communication regarding the awarding of the scholarships will be sent by 30 June 2022.

2. Incompatibility
