4. Requirements and Selection

Eligible students can apply if they comply with the requirements for each LLM EP they intend to apply to, specified in the [Appendix 1: Requirements](#) of this document. The applications that do not comply with the requirements specified in the [Appendix 1](#) will not be considered.

An Academic Commission nominated by the Dean of the Undergraduate School will select students on the basis of a non-disputable evaluation.

The selection follows a 3-step process:

¹ Students are invited to refer to the updated fees on the partner university's webpage, taking into consideration the discount applied to Luiss students, when available, as specified in the dedicated Luiss [webpage](#) for each program.

² Please note that scholarships are subject to taxation.

Step 1: The eligible candidates will be ranked after the analysis of their academic performance (credits 53%, credits for internship 2%, weighted average grade 45%). The Academic Commission will rank eligible students and create the short list for the next step. The academic performance will be calculated on the basis of the data available to the Student Office by 15 February 2024.³

Step 2: An in-person interview⁴ will be carried out by a member of the Academic Commission and by the International Development Office on **20 February 2024**. The interview will focus on the motivation, the academic background and the previous international or professional experiences. It is a key part of the selection process: in case a candidate is not considered suitable for the program, he or she will not be selected regardless of the academic performance, the positioning in the applicants' ranking and the number of available slots.

Step 3: The partner Universities will receive from Luiss the short list of candidates already ranked by the Luiss Commission with their dossier. The partner Universities, analysing the Luiss Commission ranking and the candidates' dossiers, has the right to establish the final ranking.

5. Application Procedure

Applications can be submitted from 8 January until 26 January 2024 at 5:00 PM. In order to apply, students must complete the application form and upload the required attachments in the web self-service area of the Luiss website⁵. Only applications accompanied by all documentation and received by the application deadline will be considered.

In case of doubts about the documents to upload or to get further information about the requested documents, students are invited to contact the International Development Office (international@luiss.it) before the application deadline.

Students that might require special provisions during the mobility are invited to get in contact with the International Development Office before applying to the program. The International Development Office reserves the right to request further details or documents to applicants.

6. Compatibility with Other International Programs

³ Only for Luiss students who take part in an international mobility program during the 1st semester of the a. y. 2023-24 for whom the grades have not yet been registered into their student careers: the average grade will be based on the data available to the Student Office by February 15, 2024. The number of credits will be based on the additional documents provided in the application (please see [Appendix 2](#) for further details).

⁴ Only for Luiss students who are abroad for an international mobility program, interviews will be carried out remotely.

⁵ Students are required to carefully read the Application Instructions published in the program webpage.

6.1 Compatibility among the LLM Programs

Eligible students are allowed to apply from a minimum of one (1) to a maximum of five (5) LLM Programs among those included in this Call for Applications and will rank the programs according to their preferences. Please note that this preference is completely binding and cannot be changed after the application has been submitted.

Students will be selected for only one LLM Program within their list of preferences and will be removed from the selection procedures of the other LLM Programs.

Students who are not selected for any LLM Program can remain in the waiting list of more than one LLM Program. If they are recalled from the waiting list of any program (regardless of their preference) and they confirm their participation, they will be subsequently removed from the other waiting lists.

Refusal or missing confirmation of the LLM Program selection implies the official withdrawal from all the LLM Programs in this Call.

6.2 Compatibility with the International Student Exchange Program

Eligible students are allowed to apply to these programs and the International Student Exchange program.

Students applying to both Calls who will be selected for the LLM Program must confirm their participation to the program within the established deadline as detailed in paragraph [8. Acceptance](#).

If selected students confirm their participation to the LLM Program, they will be automatically excluded from the selection for the International Student Exchange program and will be removed from the candidates' list.

If selected students do not confirm their participation to the LLM Program according to the rules explained in paragraph 8. Acceptance, they will remain eligible for the International Student Exchange program.

Students who completed an International Student Exchange program during previous years are eligible to apply to this Call.

7. Communication of results

In compliance with current provisions on personal data protection, rankings will not be published. Students will be informed of the result of their own application only. Information such as other

candidates' position in the ranking will not be disclosed. Selected students will receive the communication via-email **by 26 February 2024** (date may be subject to change) on their Luiss student e-mail account. Thus, students are strongly invited to check their Luiss email account every day while the selections are ongoing.

8. Acceptance

Selected students will be required to confirm their acceptance through written notification within one working day from the communication of results.

In case of refusal or missing notification by the deadline, the following candidate in order of waiting list will be recalled. Recalled students will be required to confirm their participation by written notice within one working day.

Every refusal received after the established deadline will be transferred to the Vice Rector for Teaching who will evaluate its motivations with the Dean of the Undergraduate School and the Director of Teaching, Research and Employability, and will inform the Graduation Commission of those refusals deemed not properly motivated.

9. Additional Points

The participation and successful completion of the LLM Program will provide additional points to the Final Grade of the Master's Degree, according to [Luiss rules](#).
