  - Advanced topics in the economics of innovation
  - Interfaculty and interdisciplinary program in healthcare Innovation

**Important Rules**

- This study plan is designed for students taking part in the Double Degree Program in Economics with the Solvay Brussels School of Economics and Management (part of the Université libre de Bruxelles – ULB) and spending the academic year 2024-2025 at Solvay. The list of courses to be taken abroad may be subject to changes should the academic offer at Solvay be amended.
- Luiss students will have to choose their track at Solvay (Public Policy or Advanced International Economic Analysis) by the end of July 2024.
- Interested students are required to read and understand this study plan and its rules. These are to be considered binding to the successful completion of the double degree program. Changes to the study plan are usually not possible. Any request in this sense must be conveyed to the International Development Office and the Academic Coordinator, that will evaluate the request.
- The listed exams must be taken and passed in the academic year indicated in the scheme (not after). Any possible change must be formally authorized by the Academic Commission.
- During the mobility, students will be subject to the rules of Solvay.
- At the end of the program, if compliant with both Luiss and Solvay academic requirements, students will obtain both the Master in Economic Governance and Public Policy in Europe (issued by ULB) and the Master's Degree in Economics and Finance issued by Luiss).

## Thesis

- Students will submit their thesis to Solvay in May/June and defend it at Solvay in June and at Luiss in July (if possible due to the timely receipt of the transcript of records from Solvay); or will submit their thesis to Solvay in August<sup>1</sup> and defend it at Solvay in September and at Luiss afterwards.
- Students will complete their theses during their mobility period at Solvay (2024-25) with two supervisors: one from each university.
- Students must respect the thesis procedures and deadlines from both institutions. Each institution will grade the final thesis according to its own standards.
- Students are reminded that they are required to comply with the Luiss regular procedure regarding the thesis assignment, registration for the degree exam and upload of the thesis. For further information, please check the [following page](#).

## Conversion Table

ECTS	Luiss
A	<b>30 con Lode</b>
B	<b>30</b>
C	<b>29</b>
D	<b>26</b>
E	<b>23</b>
F	non superato

Please note that the conversion table may be revised and updated ahead of the mobility in the a.y. 2024/2025 should the distribution of grades at the partner university change.

While every effort will be made to provide students with complete, accurate and timely information, Luiss reserves the right to change, amend, modify or revoke the aforementioned program. Luiss is not responsible for any cancellation or modification due to events beyond its control. If the program is cancelled or modified for these reasons, Luiss will inform all interested students in a timely manner.
